

Sunday 22 March, 2020

Dear S2SSOS Family,

**Re. All tuition online from Monday 23 March.**

Today, the Victorian government introduced a partial lockdown with all non-essential services to be banned within 48 hours. New South Wales state cabinet will meet this evening and are likely to follow these measures along with the subsequent closure of schools.

We are pre-empting these measures by moving all of our tuition online effective immediately for the rest of the term. This includes all of our private, semi-private and group class tuition across all departments.

We will be conducting our classes entirely over Skype. An email will follow with your teacher's Skype handle.

We thank you for your attention and patience during this rapidly evolving situation. Our teachers are equipped for online training and have adapted their session plans as such.

We look forward to seeing you all online this week!

Kind regards,

Christine & Sharon Muscat

Managing Directors
